

Communities Foundation of Oklahoma (CFO) grows and sustains important causes and organizations in communities across the state and assists donors in their philanthropic giving. CFO is committed to creating funds that help communities meet the challenges of changing times; to connecting donors with community needs in supporting the long term impact of vital community organizations; and meeting the charitable needs of all Oklahomans in communities large and small...now and forever.

To promote community philanthropy and involvement and to strengthen charitable organizations in Oklahoma communities, the 2010 Matching Funds Programs are designed to help build and grow permanent endowment funds. These matching programs are funded through the generosity of CFO donors.

*** All matches are available January 1 through December 31, 2010 or until all funds are awarded. ***
